Provincial Governor
Province of Surigao del Sur

Subject: Request for a Resolution Increasing the Authorized Bed Capacity of Bislig District Hospital from 50 to 75 beds

Dear Governor Pimentel,

Warm greetings!

We respectfully request your support for the passage of a Sangguniang Panlalawigan Resolution increasing the authorized bed capacity of Bislig District Hospital (BDH) from 50 to 75 beds to address the growing demand for hospital services.

BDH serves approximately 98% of the Bisliganon population and patients from neighboring municipalities, with higher-level referral hospitals located approximately two and a half to three hours away. The hospital's *current bed occupancy rate of over 200%* highlights the urgent need for additional capacity to accommodate patients and improve the delivery of healthcare services.

The forthcoming opening of our three-storey ward building together with the continuing expansion of diagnostic and treatment capabilities and the planned construction of the Emergency Room Complex, further supports the proposed increase. This will enable BDH to better respond to the growing healthcare needs of our constituents, improve patient accommodation, and reduce avoidable referrals when clinically appropriate.

In view of the foregoing, we respectfully seek your favorable endorsement and the support of the Sangguiniang Panlalawigan for the passage of the requested resolution, subject to applicable Department of Health requirements, together with the necessary staffing and operational support to ensure the effective utilization of the additional beds.

We sincerely appreciate your continued support for Bislig District Hospital and our shared commitment to providing accessible, safe, and quality healthcare to the people of Bislig and neighboring communities.

Thank you for your favorable consideration.

Respectfully yours,

TERESITA B. VICENTE, MD., RN., FPSMSG
Chief of Hospital I
