Tanggapan ng Sangguniang Bayan

WHEREAS, Section 444(b)(3)(v) of RA 7160 empowers the Municipal Mayor to name municipal buildings, streets, plazas, and other public places, subject to approval by the Sangguniang Bayan;

WHEREAS, the Sangguniang Bayan, through Ordinance No. 05, Series of 2020, declared and named the streets in the "Poblacion" (Urbanized areas of Barangays Balete and Magobawok) within the Municipality of Bayabas for purposes of identification, navigation, postal services, emergency response, and development planning;

WHEREAS, since the enactment of Ordinance No. 05, Series of 2020, additional roads have been constructed, improved, or identified within the Municipality, including farm-to-market roads, barangay roads, municipal roads, and access roads connecting various communities and economic centers;

WHEREAS, the proper naming and identification of roads is essential for:

- Accurate addressing and mail delivery services;
- Efficient emergency response by the MDRMO, BFP, PNP, and health services;
- Effective navigation and transportation planning;
- Facilitation of government services and public utility operations;
- Promotion of local history, culture, and heritage;
- Support for tourism and economic development; and
- Improved cadastral and land registration processes.

WHEREAS, the Municipal Planning and Development Office (MPDO), Municipal Engineering Office (MEO), and concerned Barangay Local Government Units have identified and verified the existence, location, and characteristics of roads requiring official names;

WHEREAS, the proposed road names are mainly based on their location and geographic features, where consultation was conducted with affected barangays, community leaders, and residents to ensure acceptance and appropriateness of the proposed road names; and

WHEREAS, it is imperative to declare and officially name these roads to enhance public administration, promote orderly development, and preserve the historical and cultural identity of Bayabas;

NOW, THEREFORE:

BE IT ORDAINED by the Sangguniang Bayan of the Municipality of Bayabas, Surigao del Sur, in session duly assembled, that:

CHAPTER I - GENERAL PROVISIONS

SECTION 1. TITLE. This Ordinance shall be known and cited as the "Road Naming Ordinance of 2026" or the "Bayabas Road Naming Act of 2026".

SECTION 2. DECLARATION OF POLICY. It is the policy of the Municipal Government of Bayabas to:

- Establish a systematic and organized road naming system throughout the municipality;

Tanggapan ng Sangguniang Bayan

- b. Preserve and promote the historical, cultural, and social heritage of Bayabas through appropriate road names;
- c. Facilitate efficient delivery of government services, emergency response, and public utilities;
- d. Support economic development, tourism, and community identity; and
- e. Ensure consistency, clarity, and accuracy in road identification and addressing.

SECTION 3. SCOPE AND COVERAGE. This Ordinance shall cover all roads within the territorial jurisdiction of the Municipality of Bayabas that have not been named under Ordinance No. 05, Series of 2020, including but not limited to:

Statement of Purpose : Hon. Presiding Officer (HPO)

AGENDA :

1. An Ordinance declaring the conservation of "Gapas-Gapas" and establishing its local conservation area in 4 Barangays (La Paz, Cagbaoto, Magobawok, and Balete) in the Municipality of Bayabas, SDS establishing the mechanism for its implementation and providing funds therefor (Author: Hon. Placido B. Ronquillo III);

RESOURCE PERSONS (RP) : Mr. Donard C. Maturan – Faculty member, NEMSU-Lianga
Mr. Michael John C. Nisperos – Faculty member, NEMSU-Lianga

The HPO gave the floor to Hon. Placido B. Ronquillo II, the proponent of the proposed measure.

SBM Ronquillo explained the purpose of the proposed ordinance and then gave the floor to Mr. Maturan to further explain all about the "Gapas-Gapas" and the need for its conservation.

Mr. Maturan highlighted the following:

- Gapas-Gapas is a treasure of Bayabas, SDS to protect as it is considered to be an endangered species with an estimated population of 1,200 in the world as of 1990 to 2010 data.
- There are 70 species of mangroves in the entire world, where 46 species are found in the Philippines, with Bayabas hosting about 30 species, including the Gapas-Gapas.
- Gapas-Gapas can be found in Davao, Sulo, and Panay Island, as per records with Bayabas, which is still unrecorded, and the Municipality is Blessed for it.
- NEMSU-Lianga is in the process of recording or publishing these finds in the very near future.
- Gapas-Gapas was accidentally discovered by Him (Mr. Maturan) during the conduct of his thesis regarding the conservation of mangrove forests in the municipality.

- These species are found in the Barangays of La Paz, Cagbaoto, Magobawok, and Balete, with La Paz hosting a significant portion of its population.
- Gapas-Gapas has medicinal value or use and can absorb carbon Dioxide 3 times higher than other mangrove species.
- Acts as the 1st line of defense against tsunamis and storm surges and can be used in woodcraft allied industries.
- NEMSU-Lianga is now hosting training on the conservation of these mangrove species, including Gapas-Gapas, and the establishment of nurseries.
- Challenges of the conservation initiative: monitoring, budget, lack of IEC, no specific conservation policy, irresponsible and wanton cutting, propagation, and awareness.
- He expressed gratitude for the SB's initiative to conserve the Gapas-Gapas species.

The HPO commented that the LGU already has its ordinance on the conservation of the mangrove forest in the Municipality; however, a specific ordinance on the preservation of the endangered species was not included therein, hence this ordinance. She then thanked the RP and declared the open forum.

The Secretary informed the public that the said measure has a penalty clause, which is a fine in the amount allowed for the LGU under the LGC of 1991.

Ms. Rebuldad asked what the penalty should be for violating the ordinance.

Hon. Edgardo Butad responded that it should be ₱ 2,500 regardless of the number of trees cut and the number of times the offense was committed.

The HPO commented that if the volume is enormous, then this shall be filed directly with a court of law.

The Secretary informed the public that the proposed measure provides for a penalty of ₱ 2,500 regardless of the number of violations, and imprisonment of 6 months or both, at the discretion of the Court.

Mr. Maturan commented that under RA 8550, Section 99, for every tree cut, the respondent shall plant 100 seedlings of it as an additional penalty.

HPO commented that if Gapas-Gapas is endangered, then where can we get the seedlings? And further asked if other LGUs showed interest in this species?

Mr. Maturan responded that Gapas-Gapas is seasonal in bearing fruits, mostly in the months of July and August. He has not yet made any engagements with other LGUs in the Province of SDS about the preservation of the endangered species.

Hon. Gerald M. Ambray commented that during the fruiting season of Gapas-Gapas, there should be close monitoring of this to be able to harvest and grow seedlings of it

Mr. Maturan said that NEMSU-Lianga has in its nursery a total of 100 seedlings of Gapas-Gapas. There is a need to declare a close season, so that no one should endeavor to harvest except the LGU.

1 The HPO emphasizes having a section of the proposed measure for the declaration of the close
2 season.

3
4 With no more comments from the public, the HPO declared the distribution of rice packs for the 1st 10
5 attendees per barangay. After which, she then moved to the next agenda item of the public hearing.

6
7 2. An Ordinance prohibiting and regulating planting of trees along the right of way of the power lines of
8 SURSECO II within the territorial jurisdiction of the Municipality of Bayabas, Surigao del Sur, and
9 providing penalties for violations thereof (Author: Hon. Placido B. Ronquillo II; Sponsors: SBMs
10 Maglangit, Ordoña, Morse, Sapong, Butad, Nicholson Y. Lozada, Madelyn V. Lozada, and Ambray)

11
12 The HPO gave the floor to Hon. Placido B. Ronquillo II for the presentation of the proposed measure.

13
14 Hon. Ronquillo took the floor and explained that he proposed this ordinance because power outages often
15 happen due to plants interfering with SURSECO II's power lines. He then introduced Mr. Edilberto C.
16 Sereño, Jr. from SURSECO II and gave him the chance to talk about the proposal.

17
18 Mr. Edilberto C. Sereño, Jr. highlighted the following:

- 19
20 ✓ Ber months, frequent brownouts happened due to the vegetative interference along the lines of
21 SURSECO II.
22
23 ✓ RA 11361 - AN ACT ENSURING THE CONTINUOUS AND UNINTERRUPTED TRANSMISSION AND
24 DISTRIBUTION OF ELECTRICITY AND THE PROTECTION OF THE INTEGRITY AND RELIABILITY OF POWER
25 LINES, AND PROVIDING PENALTIES FOR VIOLATIONS THEREOF is the national law that SURSECO II
26 promotes to be adopted and implemented by LGUs by way of coming up with an ordinance about it.
27
28 ✓ The Municipality of Bayabas is one of the Municipalities that responded positively to their call for the
29 implementation of RA 113631.
30
31 ✓ 2 kinds of power interruptions: Controlled – these are scheduled power interruptions; Beyond Control
32 – these are emergency power interruptions due to technical causes and vegetative interruptions.
33
34 ✓ Right-of-way of power lines (distribution lines of distribution utilities) is 3 meters sideways left and
35 right.
36
37 ✓ Penalties under RA 11361: 1st offense - ₱ 50k; 2nd offense - ₱ 100k; and 3rd offense - ₱ 200k and
38 imprisonment at the discretion of the Court.
39
40 ✓ RA 11361 and local ordinances about it will be implemented to attain the uninterrupted power supply.
41
42 ✓ If there are trees along the lines of SURSECO II, these shall be cut. Land owners who wish to cut trees
43 in their lots that potentially may hamper the power lines of SURSECO II can request assistance from
44 the distribution utility by filing a formal request with it.

45
46 The HPO thanked the RP after his presentation and then declared an open forum.

47
48 Hon. Louime Z. Maglangit asked why the power bills are still too high.

49
50 Mr. Sereño – The Power industry is highly regulated; the power rate of SURSECO II is pegged at
51 2.57/kWh; SURSECO II is just a collecting agency for other fees indicated in the power bill; the
52 power bill is generally composed of the following: Power Generation Charges, Transmission

Charges, and Distribution Charges, the 1st two SURSECO II acted as collection agent, while the Distribution Charges is for the distribution utility.

Hon. Ian B. Armenia queried about system losses.

Mr. Sereño – system loss is the charge to be imposed on the consumers to recover the technical and non-technical losses of the distribution utilities. Technical losses are an inherent characteristic of the distribution lines, which can be minimized by way of clearing the right-of-way of the power lines, while non-technical losses are those relating to the management of the distribution utilities, which can be minimized or eradicated through good governance, transparency, and accountability.

Hon. Armenia asked if the proposed ordinance is approved, can the LGU cut those trees or vegetation that obstruct the power lines?

Mr. Sereño – It will be a partnership between DENR, PCA, LGU, and SURSECO II.

Hon. Ronquillo presented the penal provision of the proposed measure: 1st offense - ₱ 1,500; 2nd and succeeding offenses - ₱ 2,500.

Hon. Catalino C. Bandola (Punong Barangay of Magobawok) queried about a power line traversing a private lot. Is there a need to cut all the trees that impede it?

Mr. Sereño – There is a negotiation to be made with the lot owners before the installation of the power lines.

With no more comments from the public, the HPO declared the raffle of rice packs for the attendees. After which, she then moved to the next agenda item of the public hearing.

3. An Ordinance prescribing the calibration and sealing of dispensing pumps of liquid petroleum products retail outlets in the Municipality of Bayabas, SDS imposing fees in the registration, sealing of dispensing pumps, providing penalties in violation thereof, and for other purposes (Author: SBM Ambray; Sponsored: All SBMs)

The HPO turned over the floor to Hon. Gerald M. Ambray to discuss the proposed measure.

Hon. Ambray then explained about it:

- This ordinance was already submitted to the SP for review and affirmation; however, it was returned requiring a public hearing. Hence, this forum.
- This ordinance is to minimize the sale of illegal LPP through bote-bote, which is a violation of Municipal Ordinance No. 12, series of 2022.
- There are 2 big gasoline stations and 3 Technical Solution Retail Outlets (TSROs) operating in the Municipality of Bayabas, SDS.
- This ordinance is also to check that the LPP delivered to consumers is exact, so that dispensing pumps should be calibrated regularly.
- Uncalibrated dispensing pumps and under deliveries are considered violations of the proposed ordinance.
- Penal provisions: 1st offense ₱ 1,500; 2nd offense ₱ 2,000; 3rd offense ₱ 2,500.

After the presentation, the HPO declared an open forum about it.

Hon. Bandola – Who will calibrate?

1 Hon. Ambray – The Municipal Treasurer’s Office
 2 Hon. Bandola – What about repeated offenses?
 3 Hon. Ambray – It is provided that there will be cancellation of the business permit, closure, on top
 4 of the fine being imposed.

5
 6 There being no more queries from the audience, the HPO proceeded to the raffle draw and to the next
 7 agenda.

8
 9 4. Ordinance declaring and naming roads within the Municipality of Bayabas, SDS (Author: SBM
 10 Maglangit; Sponsors: All SBMs)

11 The HPO gave the floor to Hon. Louime Z. Maglangit for the discussion of the proposed measure.

12
 13 Hon. Maglangit discussed the following:

- 14
 15 ❖ Section 13, Chapter II of the RA 7160 provides local government units with the power to name
 16 streets within their jurisdiction.
 17 ❖ Changes of name of streets are to be made unless for a justifiable reason and, in any case, not
 18 oftener than once every ten (10) years.
 19 ❖ Historical, cultural, or ethnic significance shall be given weight in the naming of streets and other
 20 public places in the municipality to give justice and honor to those who labored and toiled in the
 21 molding and creation of the said municipality.
 22 ❖ The following roads are for naming, viz:

Roads for Naming - Description	Suggested/Proposed Name
Municipal Road – Balete to Cabugo	Balete – Cabugo Road Sergion Murillo Road, He having donated a portion of his lot for the road
Coastal road from Balay Solomon Beach Resort	Bayabas Tourism Road Tourism Coastal Road
Amag – Posdan – Cabugo FMR	Amag – Cabugo Farm to Market
Junction Highway to Ecopark – Campo Langit	EcoPark – Campo Langit Road Campo Langit – EcoPark Road
Junction Highway to Logging to Cuola and to La Paz	Amag to La Paz FMR Diversion Road Amag to La Paz Amag – La Paz Diversion Road
Bridge connecting Barangay Balete and Magobawok	Bayabas Bridge

23
 24 After the presentation, the HPO declared an open forum about it.

25
 26 Hon. Armenia informed the public that the TSB is in the process of gathering data of those who are
 27 donating their lots for the roads in the Municipality, so that they can be given due recognition.

28
 29 The HPO suggested that the Balete to Cabugo road be named after Mr. Sergio Murillo (deceased),
 30 considering that he donated a portion of his property for this road.

31
 32 There being no more queries from the audience, the HPO proceeded to the raffle draw and to the next
 33 agenda.

34
 35 5. Transfer of the Government Center of Bayabas, SDS

36
 37 The HPO gave the floor to Hon. Nicholson Y. Lozada, Chairperson – Committee on Ways and Means and
 38 Committee on Infrastructure, to discuss the proposed measure.

39
 40 Hon. Nicholson Lozada highlighted the following:

- 41
 42 ✓ The reclaimed area in Magobawok will be the new government center of this Municipality. It is 15
 43 hectares more or less; however, a large portion of it is home to mangrove trees, where the DENR
 44 advised the SB that only the area being reclaimed shall be utilized.

✓ The area is under timberland status, and the LGU is in the process of applying for the declaration of the same to be alienable and disposable land and be declared as the government center of the Municipality.

✓ The area has already hosted the following buildings and facilities:

Existing	On-Going Construction
Bayabas Police Station	Municipal Building (Executive & Legislative)
Bayabas Fire Station	Coastal Resource Management Office
Sports Facility	Municipal Covered Court
Overland Terminal	
Motorcycle Terminal	
Tourist Rest Area/Public CR	
SERTSS Outpost	
Barangay Hall – Magobawok	
Day Care Center – Magobawok	
Senior Citizen Building	
Motor Pool	

✓ The LGU is in the process of applying for Special Gratuitous Permit with the DENR for the use of the said lot, while waiting for the approval for the declaration of the area as the government center.

After the presentation, the HPO declared an open forum about it.

Ms. Concordia Arnego asked for the area of the Magobawok Elementary School, where a portion of the Pimentel property was donated for the said school.

The area for the Magobawok Elementary School is not included in the site development plan.

Hon. Punong Barangay Bandola informed the public that it was Ms. Concordia Arnego who initiated the lot for the said school, and that the requested area is one hectare; however, it was not approved. He further expressed that there is a Rural Connectivity Improvement Project (RCIP) to be implemented in 2026 to be put in place in the said school, thus needing a 554 square meter area for the same. Hence, his query and request if this can be accommodated.

Hon. Nicholson Lozada responded that, based on the site development plan, the back of Magobawok ES is vacant for the purpose of accommodating future use by the said school.

There being no more queries from the audience, the HPO proceeded to the raffle draw and to the next agenda.

6. Fishlanding Management Ordinance of Bayabas, SDS

Again, the HPO gave the floor to Hon. Nicholson Lozada to facilitate the presentation of the proposed measure.

Hon. Nicholson Lozada highlighted the following:

- He came up with this measure because of the unregulated prices of fish in the public market of this Municipality.
- Putting up a fish landing facility may somehow regulate the prices of fish and may generate revenues for the Municipality.
- All fish caught to be sold to the public market of this Municipality shall pass through this facility except those to be sold in the respective homes or residences of marginal fishermen as provided under Municipal Ordinance No. 23, series of 2024.
- There is a Board that will manage and oversee the operation of the fish landing facility.

After the presentation, the HPO declared an open forum about it.

1 Hon. Revilo S. Liso, Punong Barangay of Cabugo, commented that the fishermen of Cabugo requested that
2 they should be allowed to land their fish catch at the Cabugo fish landing facility, which is also a project
3 of the Barangay. Because, accordingly, it will add costs for the fishermen of his Barangay, especially if the
4 catch is few, if they're required to go through the Municipal Fish Landing Facility.

5
6 Hon. Nicholson Lozada responded that this will be discussed thoroughly by the Fish Landing Board, and
7 he learned that the Municipal Mayor will be visiting the said Barangay to resolve this matter.

8
9 Ms. Concordia Arnego asked whether Cabugo fishermen should land at the Municipal Fish Landing directly
10 or from Cabugo to bring their catch to the said facility.

11
12 Hon. Nicholson Lozada responded that, to be fair, these fishermen should pass through this facility. But
13 again, this will be the concern of the Board.

14
15 With no more queries from the audience, the HPO thanked everyone for their participation. She then
16 gave the floor to Hon. Thalia Joyce B. Sapong for the closing message.

17
18 Hon. Thalia Joyce B. Sapong delivered her message centered on the beauty of people's participation in
19 governance.

20
21 After the closing message, the HPO proceeded to the final raffle for major giveaways.

22
23 ADJOURNMENT

24
25 With no more topics to be discussed, Hon. Gerald M. Ambray moved for the adjournment of the public
26 consultation. The motion was unanimously seconded, thereby the HPO declared adjournment at 4:55 in
27 the afternoon.
