Sir:

Greetings!

May we respectfully request the passage of a Sangguniang Panlalawigan Resolution expressing support for the Titan V Solar Power Project of Apolaki Four, Inc. The project is expected to contribute to the country's renewable energy goals by promoting sustainable development, enhancing energy security, and creating economic opportunities for the province and its communities.

Truly yours,

PROVINCE OF SURIGAO DEL SUR

Subject: Endorsement of Apolaki Four for the Titan V Solar Power Project

Dear **Honorable Mayor**:

Greetings!

This letter serves to formally endorse Apolaki Four, which has been awarded the Titan V Solar Power Project under the Department of Energy's Green Energy Auction Program 4.

In view of the implementation of this significant renewable energy project, we respectfully request your office to extend the necessary support, coordination, and assistance to Apolaki Four in facilitating project-related activities within your local government unit, subject to existing laws, rules and regulations.

For your reference and appropriate action, Apolaki Four is submitting the following documents:

1. Certificate of Registration and Operating Contract – DOE
2. Certificate of Energy Project of National Significance – DOE
3. Existing Provincial Road Network Map

The Titan Solar V Power Project is expected to contribute to the country's renewable energy goals by promoting sustainable development, enhancing energy security, and creating economic opportunities for the host community.

We trust in your continued support and cooperation for the successful implementation of this project.

Truly yours,

MANUEL O. ALAMEDA, SR.
Acting Provincial Governor

HON. MANUEL O. ALAMEDA, SR.
Acting Provincial Governor
Province of Surigao del Sur
Capitol Hills Telaji, City of Tandag, Surigao del Sur

Attention: **ENGR. ELEUTERIO S. CUBERO, JR.**
Provincial Engineering Office

Subject: **LETTER OF INTENT FOR THE UTILIZATION, IMPROVEMENT, AND MAINTENANCE OF EXISTING PROVINCIAL ROAD NETWORK IN SUPPORT OF THE TITAN V SOLAR POWER PROJECT LOCATED IN THE MUNICIPALITY OF BAROBO PROVINCE OF SURIGAO DEL SUR**

Dear Hon. Alameda,

Greetings from Apolaki Four!

We write in relation to **Apolaki Four, Inc's** (the "Proponent") **Titan V Solar Power Project** (the "Project") located in Barangays Javier and Guinhalinan, Barobo, Surigao del Sur. The Project will be connected to the 138kV NGCP San Francisco Substation with approximately 15 kilometers of transmission line.

The Project has been awarded under the Department of Energy's Green Energy Auction Program 4 (**GEA4**) and holds Solar Energy Operating Contract (**SEOC**) **No. 2024-06-897**. This national level endorsement underscores the Project's importance in advancing the country's renewable energy goals.

As the proponent of this Project, we are fully committed to delivering clean and renewable energy to the grid at the soonest possible time, with the goal of enhancing energy security, supporting local economic activities, and promoting environmental sustainability through the transition to a low-carbon economy.

As part of our initiative to support local infrastructure development, boost community mobility, and meet the Project's logistical requirements, the Proponent intends to directly undertake, fund, and maintain the improvement and upgrading of the non-concrete portions of the identified Provincial Road Network at its sole expense. This includes conducting the necessary technical and engineering studies, adhering to strict environmental, health, and safety standards.

We emphasize that the identified Provincial Road Network shall always remain open for public use, as these improvements are meant to bring long-term benefits, enhanced safety, and convenient accessibility to the host communities. Furthermore, our proposed works shall complement local infrastructure development without altering or affecting the government's ownership, jurisdiction, or control over the established public roads. The Proponent shall also maintain the specific improvements undertaken throughout the Project's lifecycle and restore any existing public infrastructure to its pre-existing condition if directly impacted by our activities.

In lieu of this, we hereby submit the following:

- 1. Certificate of Registration and Operating Contract – DOE
- 2. Certificate of Energy Project of National Significance – DOE
- 3. Existing Provincial Road Network Map

For any correspondence, you can reach us through our Senior Project Development Manager, Raven Lubuguin, at 09171004753 and/or at RavenKarl.Lubuguin@ibvogt.com.

Thank you very much for your kind attention and we look forward to your approval of our request.

Respectfully,
DocuSigned by:
